Find out about a proposed improvement to install a new traffic pattern on two sections of Route 360 (Richmond Road) in the Town of Warsaw in Richmond County, from the divided roadway west of Route 1019 (Gordon Lane) to west of Route 3 Business (Main Street), and east of Route 3 Business (Main Street) to Route 3 (History Land Highway). At each location, a road diet would restripe the existing four-lane road. The new pattern would have one lane for through travel in each direction, and a two-way left turn lane in the center. The change is intended to reduce crashes, especially rear-end, left-turn and angle crashes.

VDOT representatives will make a brief presentation at 5 p.m. and will be present to answer questions after the presentation is complete. The remainder of the public hearing will be held in an open house format.
